2.1 Grant of Franchise. The Grantor hereby authorizes Grantee to occupy or use the Member Cities’ Streets subject to: (1) the provisions of this Ordinance, a non-exclusive Franchise, to provide Cable Service within the Member Cities; and (2) all applicable provisions of a Member City Code. This Franchise shall constitute both a right and an obligation to provide Cable Services as required by the provisions of this Franchise. Nothing in this Franchise shall be construed to prohibit Grantee from: (1) providing services other than Cable Services to the extent not prohibited by Applicable Law; or (2) challenging any exercise of the Grantor or Member Cities’ legislative or regulatory authority in an appropriate forum. The Grantor hereby reserves all of its rights to regulate such other services to the extent not prohibited by Applicable Law and no provision herein shall be construed to limit or give up any right to regulate.

2.2 Reservation of Authority. The Grantee specifically agrees to comply with the lawful provisions of Member City Codes and other applicable regulations of the Member Cities. Subject to the police power exception below, in the event of a conflict between (a) the lawful provisions of a City Code or applicable regulations of the Member Cities and (b) this Franchise, the express provisions of this Franchise shall govern. Subject to express federal and State preemption, the material terms and conditions contained in this Franchise may not be unilaterally altered by the Member Cities through subsequent amendments to the City Code, ordinances or any regulation of Member Cities, except in the lawful exercise of the Member Cities’ police power. Grantee acknowledges that the Member City may modify its regulatory policies by lawful exercise of their police powers throughout the term of this Franchise. Grantee agrees to comply with such lawful modifications to the City Code; however, Grantee reserves all rights it may have to challenge such modifications to the City Code whether arising in contract or at law. The Member Cities reserves all rights and defenses to such challenges whether arising in contract or at law. Nothing in this Franchise shall (a) abrogate the right of the Member Cities to perform any public works or public improvements of any description; (b) be construed as a waiver of any

codes or ordinances of general applicability promulgated by the Member Cities; or (c) be construed as a waiver or release of the rights of the Member Cities in and to the Streets.

2.3 Franchise Term. The term of the Franchise shall be ten (10) years from the Effective Date, unless extended by mutual written consent in accordance with Section 17.6 or terminated sooner in accordance with this Franchise.

2.4 Franchise Area. This Franchise is granted for the Franchise Area defined herein. Grantee shall extend its Cable System to provide Service to any residential unit in the Member Cities in accordance with Section 6.6 herein. This Franchise governs any Cable Services provided by Grantee to residential and commercial Subscribers to Grantee's Cable System.

2.5 Franchise Nonexclusive. The Franchise granted herein shall be nonexclusive. The Grantor specifically reserves the right to grant, at any time, such additional franchises for a Cable System as it deems appropriate provided, however, such additional grants shall not operate to materially modify, revoke, or terminate any rights previously granted to Grantee other than as described in Section 17.21. The grant of any additional franchise shall not of itself be deemed to constitute a modification, revocation, or termination of rights previously granted to Grantee. Any additional cable franchise grants shall comply with Minn. Stat. Section 238.08 and any other applicable federal level playing field requirements.

2.6 Transfer of Ownership.

(a) No sale, transfer, assignment or "fundamental corporate change," as defined in Minn. Stat. § 238.083, of this Franchise shall take place until the parties to the sale, transfer, or fundamental corporate change files a written request with Grantor for its approval, provided, however, that said approval shall not be required where Grantee grants a security interest in its Franchise and assets to secure an indebtedness.

(b) Grantor shall have thirty (30) Days from the time of the request to reply in writing and indicate approval of the request or its determination that a public hearing is necessary due to potential adverse effect on Grantee's Subscribers resulting from the sale or transfer. Such approval or determination shall be expressed in writing within thirty (30) Days of receipt of said request, or the request shall be deemed approved as a matter of law.

(c) If a public hearing is deemed necessary pursuant to (b) above, such hearing shall be commenced within thirty (30) Days of such determination and notice of any such hearing shall be given in accordance with local law or fourteen (14) Days prior to the hearing by publishing notice thereof once in a newspaper of general circulation in the Member Cities. The notice shall contain the date, time and place of the hearing and shall briefly state the substance of the action to be considered by Grantor.

(d) Within thirty (30) Days after the closing of the public hearing, Grantor shall approve or deny in writing the sale or transfer request. Grantor shall set forth in writing with particularity its reason(s) for denying approval. Grantor shall not unreasonably withhold its approval.

(e) The parties to the sale or transfer of the Franchise only, without the inclusion of the System in which substantial construction has commenced, shall establish that the sale or transfer of only the Franchise will be in the public interest.

(f) Any sale or transfer of stock in Grantee so as to create a new controlling interest in the System shall be subject to the requirements of this Section 2.6. The term "controlling interest" as used herein is not limited to majority stock ownership, but includes actual working control in whatever manner exercised.

(g) In no event shall a transfer or assignment of ownership or control be approved without the transferee becoming a signatory to this Franchise and assuming all rights and obligations thereunder, and assuming all other rights and obligations of the transferor to the Grantor.

(h) In the event of any proposed sale or assignment pursuant to paragraph (a) of this Section, Grantor shall have the right of first refusal of any bona fide offer to purchase the Cable System. Bona fide offer, as used in this Section, means an offer received by the Grantee which it intends to accept subject to Grantor's rights under this Section. This written offer must be conveyed to Grantor along with the Grantee's written acceptance of the offer contingent upon the rights of Grantor provided for in this Section. Grantor shall be deemed to have waived its rights under this paragraph (h) in the following circumstances:

(i) If it does not indicate to Grantee in writing, within thirty (30) Days of notice of a proposed sale or assignment, its intention to exercise its right of purchase; or

(ii) It approves the assignment or sale of the Franchise as provided within this Section.

2.7 Expiration. Upon expiration of the Franchise, the Grantor shall have the right at its own election and subject to Grantee's rights under Section 626 of the Cable Act to:

(c) Invite additional franchise applications or proposals;

(d) Terminate the Franchise subject to any rights Grantee has under Section 626 of the Cable Act; or

(e) Take such other action as the Grantor deems appropriate.

2.8 Posting and Publication. All public notices or ordinances required to be published by Grantor or Member Cities, including this Franchise or the title thereof, shall be published in the official newspaper of all Member Cities. Grantee shall pay the costs for

publication of this Franchise and amendments to it, as such publication is required or authorized by law.

2.9 Right to Require Removal of Property. At the expiration of the term for which the Franchise is granted provided no renewal is granted, or upon its forfeiture or revocation as provided for herein, the Grantor shall have the right to require Grantee to remove at Grantee's own expense all or any part of the Cable System from all Streets and public ways within the Franchise Area within a reasonable time. If Grantee fails to do so, the Grantor may perform the work and collect the cost thereof from Grantee.

2.10 Continuity of Service Mandatory. It shall be the right of all Subscribers to receive all available services insofar as their financial and other obligations to Grantee are honored. In the event that Grantee elects to overbuild, rebuild, modify, or sell the system, or the Grantor revokes or fails to renew the Franchise, Grantee shall make its best effort to ensure that all Subscribers receive continuous uninterrupted service, regardless of the circumstances, during the lifetime of the Franchise. In the event of expiration, purchase, lease-purchase, condemnation, acquisition, taking over or holding of plant and equipment, sale, lease, or other transfer to any other Person, including any other Grantee of a cable communications franchise, the current Grantee shall cooperate fully to operate the system in accordance with the terms and conditions of this agreement for a temporary period sufficient in length to maintain continuity of service to all Subscribers.

SECTION 3 OPERATION IN STREETS AND RIGHTS-OF-WAY

3.1 Use of Streets.

(a) Grantee may, subject to the terms of this Franchise, erect, install, construct, repair, replace, reconstruct and retain in, on, over, under, upon, across and along the Streets within the Member Cities such lines, cables, conductors, ducts, conduits, vaults, manholes, amplifiers, appliances, pedestals, attachments and other property and equipment as are necessary and appurtenant to the operation of a Cable System within the Member Cities. Without limiting the foregoing, Grantee expressly agrees that it will construct, operate and maintain its Cable System in compliance with, and subject to, the requirements of the City Code, including by way of example and not limitation, those requirements governing the placement of Grantee's Cable System; and with other applicable City Codes, and will obtain and maintain all permits and bonds required by the City Code in addition to those required in this Franchise.

(b) All wires, conduits, cable and other property and Facilities of Grantee shall be so located, constructed, installed and maintained as not to endanger or unnecessarily interfere with the usual and customary trade, traffic and travel upon, or other use of, the Streets of Member Cities. Grantee shall keep and maintain all of its property in good condition, order and repair so that the same shall not menace or endanger the life or property of any Person. Grantee shall keep accurate maps and records of all of its wires, conduits, cables and other property and Facilities located, constructed and maintained in the Member Cities.

(c) All wires, conduits, cables and other property and Facilities of Grantee, shall be constructed and installed in an orderly and workmanlike manner. All wires, conduits and cables shall be installed, where possible, parallel with electric and telephone lines. Multiple cable configurations shall be arranged in parallel and bundled with due respect for engineering considerations.

3.2 Construction or Alteration. Grantee shall in all cases comply with the City Code, Member City resolutions and Member City regulations regarding the acquisition of permits and/or such other items as may be reasonably required in order to construct, alter or maintain the Cable System. Grantee shall, upon request, provide information to the Grantor regarding its progress in completing or altering the Cable System.

3.3 Non-Interference. Grantee shall exert its best efforts to construct and maintain a Cable System so as not to interfere with other use of Streets. Grantee shall, where possible in the case of above ground lines, make use of existing poles and other Facilities available to Grantee. When residents receiving underground service or who will be receiving underground service will be affected by proposed construction or alteration, Grantee shall provide such notice as set forth in the permit or in City Code of the same to such affected residents.

3.4 Consistency with Designated Use. Notwithstanding the above grant to use Streets, no Street shall be used by Grantee if the Member City, in its sole opinion, determines that such use is inconsistent with the terms, conditions or provisions by which such Street was created or dedicated, or presently used under Applicable Laws.

3.5 Undergrounding. Grantee shall place underground all of its transmission lines which are located or are to be located above or within the Streets of the Member Cities in the following cases:

- (a) All other existing utilities are required to be placed underground by statute, resolution, policy or other Applicable Law;
- (b) Grantee is unable to get pole clearance;
- (c) Underground easements are obtained from developers of new residential areas; or
- (d) Utilities are overhead but residents prefer underground (service provided at cost).

If an ordinance is passed which involves placing underground certain utilities including Grantee's cable plant which is then located overhead, Grantee shall participate in such underground project and shall remove poles, cables and overhead wires if requested to do so and place Facilities underground. Nothing herein shall mandate that Member City provide reimbursement to Grantee for the costs of such relocation and removal. However, if a Member City provides any reimbursement to other right-of-way users or makes available funds for the cost of placing Facilities underground, nothing herein shall preclude the Grantee from participating in such funding to the extent consistent with the City Code or Applicable laws. If

the source of funding is from a third party for a specific utility; a Member City is not obligated to provide similar funding for these purposes to other utilities including Grantee.

Grantee shall use conduit or its functional equivalent to the greatest extent possible for undergrounding, except for Drops from pedestals to Subscribers' homes and for cable on other private property where the owner requests that conduit not be used. Cable and conduit shall be utilized which meets the highest industry standards for electronic performance and resistance to interference or damage from environmental factors. Grantee shall use, in conjunction with other utility companies or providers, common trenches for underground construction wherever available.

3.6 Maintenance and Restoration.

(a) In case of disturbance of any Street, public way, paved area or public improvement, Grantee shall, at its own cost and expense and in accordance with the requirements of Applicable Law, restore such Street, public way, paved area or public improvement to substantially the same condition as existed before the work involving such disturbance took place. All requirements of this section pertaining to public property shall also apply to the restoration of private easements and other private property. Grantee shall perform all restoration work within a reasonable time and with due regard to seasonal working conditions. If Grantee fails, neglects or refuses to make restorations as required under this section, then the Member City may do such work or cause it to be done, and the cost thereof to the Member City shall be paid by Grantee. If Grantee causes any damage to private property in the process of restoring Facilities, Grantee shall repair such damage.

(b) Grantee shall maintain all above ground improvements that it places on Member City Streets pursuant to the City Code and any permit issued by the Member City. In order to avoid interference with the Member City's ability to maintain the Streets, Grantee shall provide such clearance as is required by the City Code and any permit issued by the City. If Grantee fails to comply with this provision, and by its failure, property is damaged, Grantee shall be responsible for all damages caused thereby.

(c) In any dispute over the adequacy of restoration or maintenance relative to this section, final determination shall be the prerogative of the Member City, Department of Public Works and consistent with the City Code and any permit issued by the Member City.

3.7 Work on Private Property. Grantee, with the consent of property owners, shall have the authority, pursuant to the City Code, to trim trees upon and overhanging Streets, alleys, sidewalks, and public ways so as to prevent the branches of such trees from coming in contact with the wires and cables of Grantee, except that at the option of the Member City, such trimming may be done by it or under its supervision and direction at the reasonable expense of Grantee.

3.8 Relocation.

(a) **Member City Property.** If, during the term of the Franchise, the Member City or any government entity elects or requires a third party to alter, repair, realign, abandon, improve, vacate, reroute or change the grade of any Street, public way or other public property; or to construct, maintain or repair any public improvement; or to replace, repair install, maintain, or otherwise alter any cable, wire conduit, pipe, line, pole, wire-holding structure, structure, or other facility, including a facility used for the provision of utility or other services or transportation of drainage, sewage or other liquids, for any public purpose, Grantee shall, upon request, except as otherwise hereinafter provided, at its sole expense remove or relocate as necessary its poles, wires, cables, underground conduits, vaults, pedestals, manholes and any other Facilities which it has installed. Nothing herein shall mandate that Member City provide reimbursement to Grantee for the costs of such relocation and removal. However, if the Member City provides any reimbursement to other right-of-way users or makes available funds for the cost of placing Facilities underground, nothing herein shall preclude the Grantee from participating in such funding to the extent consistent with the City Code or Applicable laws. If the source of funding is from a third party for a specific utility; a Member City is not obligated to provide similar funding for these purposes to other utilities including Grantee.

(b) **Utilities and Other Franchisees.** If, during the term of the Franchise, another entity which holds a franchise or any utility requests Grantee to remove or relocate such Facilities to accommodate the construction, maintenance or repair of the requesting party's Facilities, or their more efficient use, or to "make ready" the requesting party's Facilities for use by others, or because Grantee is using a facility which the requesting party has a right or duty to remove, Grantee shall do so, provided that the companies involved may decide among themselves who is to bear the cost of removal or relocation, pursuant to City Code, and provided that the Member City shall not be liable for such costs.

(c) **Notice to Remove or Relocate.** Any Person requesting Grantee to remove or relocate its Facilities shall give Grantee no less than forty-five (45) Days' advance written notice to Grantee advising Grantee of the date or dates removal or relocation is to be undertaken; provided, that no advance written notice shall be required in emergencies or in cases where public health and safety or property is endangered.

(d) **Failure by Grantee to Remove or Relocate.** If Grantee fails, neglects or refuses to remove or relocate its Facilities as directed by the City; or in emergencies or where public health and safety or property is endangered, the Member City may do such work or cause it to be done, and the cost thereof to the Member City shall be paid by Grantee. If Grantee fails, neglects or refuses to remove or relocate its Facilities as directed by another franchisee or utility, that franchisee or utility may do such work or cause it to be done, and if Grantee would have been liable for the cost of performing such work, the cost thereof to the party performing the work or having the work performed shall be paid by Grantee.

(e) Procedure for Removal of Cable. Grantee shall not remove any underground cable or conduit which requires trenching or other opening of the Streets along the extension of cable to be removed, except as hereinafter provided. Grantee may remove any underground cable from the Streets which has been installed in such a manner that it can be removed without trenching or other opening of the Streets along the extension of cable to be removed. Subject to Applicable Law, Grantee shall remove, at its sole cost and expense, any underground cable or conduit by trenching or opening of the Streets along the extension thereof or otherwise which is ordered to be removed by the Member City based upon a determination, in the sole discretion of the Member City, that removal is required in order to eliminate or prevent a hazardous condition. Underground cable and conduit in the Streets which is not removed shall be deemed abandoned and title thereto shall be vested in the Member City

(f) Movement of Buildings. Grantee shall, upon request by any Person holding a building moving permit, franchise or other approval issued by the Member City, temporarily remove, raise or lower its wire to permit the movement of buildings. The expense of such removal, raising or lowering shall be paid by the Person requesting same, and Grantee shall be authorized to require such payment in advance. The Member City shall require all building movers to provide not less than fifteen (15) Days' notice to the cable company to arrange for such temporary wire changes.

SECTION 4 REMOVAL OR ABANDONMENT OF SYSTEM

4.1 Removal of Cable System. In the event that: (1) the use of the Cable System is discontinued for any reason for a continuous period of twelve (12) months; or (2) the Cable System has been installed in a Street without complying with the requirements of this Franchise, Grantee, at its expense shall, at the demand of the Member City remove promptly from the Streets all of the Cable System other than any which the Member City may permit to be abandoned in place. In the event of any such removal Grantee shall promptly restore to a condition as nearly as possible to its prior condition the Street or other public places in the Member City from which the System has been removed.

4.2 Abandonment of Cable System. In the event of Grantee's abandonment of the Cable System, Member City shall have the right to require Grantee to conform to the state right-of-way rules, Minn. Rules, Chapter 7819. The Cable System to be abandoned in place shall be abandoned in the manner prescribed by the Member City. Grantee may not abandon any portion of the System without having first given three (3) months written notice to the Member City. Grantee may not abandon any portion of the System without compensating the Member City for damages resulting from the abandonment.

4.3 Removal After Abandonment or Termination. If Grantee has failed to commence removal of System, or such part thereof as was designated by Member City, within thirty (30) Days after written notice of Member City's demand for removal consistent with Minn. Rules, Ch. 7819, is given, or if Grantee has failed to complete such removal within twelve (12) months after written notice of Member City's demand for removal is given, Member City shall have the right to apply funds secured by the Letter of Credit and Performance Bond toward

removal and/or declare all right, title, and interest to the Cable System to be in Member City with all rights of ownership including, but not limited to, the right to operate the Cable System or transfer the Cable System to another for operation by it.

4.4 System Construction and Equipment Standards. The Cable System shall be installed and maintained in accordance with standard good engineering practices and shall conform, when applicable, with the National Electrical Safety Code, the National Electrical Code and the FCC's Rules and Regulations.

4.5 System Maps and Layout. Grantee shall maintain complete and accurate system maps, which shall include trunks, distribution lines, and nodes. Such maps shall include up-to-date route maps showing the location of the Cable System adjacent to the Streets. Grantee shall make all maps available for review by the appropriate Grantor personnel, subject to Grantee's reasonable security precautions.

SECTION 5 SYSTEM DESIGN AND CAPACITY

5.1 Availability of Signals and Equipment.

(a) Prior to the Effective Date of this Franchise, Grantee upgraded its Cable System to a Fiber to the Fiber node Cable System architecture, with Fiber Optic cable deployed from Grantee's Headend to Grantee's Fiber nodes, tying into Grantee's coaxial Cable System already serving Subscribers. Active and passive devices currently are passing a minimum of 750 MHz (with a minimum passband of between 50 and 750 MHz) providing to Subscribers at least two hundred (200) or more activated minimum Downstream video Channels and minimum Activated Upstream digital Channel Capacity of 35 MHz accessible from any node and any Subscriber in the Franchise Area. This upstream capacity requires no additional installation of equipment for use except on users' premises.

(b) The entire System shall be technically capable of transmitting NTSC analog, compressed digital and HDTV transmissions. The Grantee shall comply with all FCC regulations regarding carriage of digital and HDTV transmissions.

(c) Grantee agrees to maintain the Cable System in a manner consistent with, or in excess of the specifications in Section 5.1(a) and (b) throughout the term of the Franchise with sufficient capability and technical quality to enable the implementation and performance of all the requirements of this Franchise, including the Exhibits hereto, and in a manner which meets or exceeds FCC relevant technical quality standards at 47 C.F.R. § 76 Subpart K, as appropriate, regardless of the particular format in which a Signal is transmitted.

5.2 Free Cable Service to Public Buildings.

(a) Throughout the term of this Franchise Grantee shall provide, free of charge one (1) service Drop, up to three (3) Converters, if necessary and requested, and Basic Cable Service and the next highest level of Service generally available to all

Subscribers (as of the Effective Date referred to as Expanded Basic Cable Service) (“Complimentary Service”), to all of the sites listed on Exhibit A attached hereto. In addition, any Member City’s public building existing, but not currently listed in Exhibit A, and any newly constructed public building after effective date of this Franchise, but not to include any public office that may be located in a privately-owned building, unless otherwise approved by the Grantee.

(b) If the Drop line to such building exceeds three hundred fifty (350) feet, Grantee will accommodate the Drop up to three hundred fifty (350) feet if the Member City or other agency provides the necessary attachment point for aerial service or conduit pathway for underground service. If the necessary pathway is not provided, the Member City or other agency agrees to pay the incremental cost of such Drop in excess of two hundred (200) feet for an aerial service Drop, or in excess of one hundred twenty-five (125) feet for an underground service Drop. For purposes of this paragraph, “incremental cost” means Grantee’s actual cost to provide the drop beyond the applicable distances, with no mark-up for profit. The recipient of the service will secure any necessary right of entry.

(c) The Member City or the building occupant shall have the right to extend Cable Service throughout the building to additional outlets without any fees imposed by Grantee for the provision of Complimentary Service to such additional outlets. If ancillary equipment, such as a Converter, is required to receive the signal at additional outlets, Grantee will provide up to three devices at no charge, and will provide additional devices at Grantee’s lowest residential rate charged within the Twin Cities metropolitan area.

(d) Notwithstanding anything to the contrary set forth in this section, Grantee shall not be required to provide Complimentary Service to such buildings unless it is technically feasible. Outlets and maintenance of said Complimentary Service shall be provided free of fees and charges.

(e) Exhibit A will be periodically reviewed and updated with additions and deletions to ensure it is current throughout the Term of this Franchise Agreement.

5.3 Equal and Uniform Service. To the extent required by Applicable Law, Grantee shall provide access to equal and uniform Cable Service throughout the Member Cities.

5.4 System Specifications.

(a) **System Maintenance.** In all its construction and service provision activities, Grantee shall meet or exceed the construction, technical performance, extension and service requirements set forth in this Franchise.

(b) **Emergency Alert Capability.** At all times during the term of this Franchise, Grantee shall provide and maintain an Emergency Alert System (EAS) consistent with applicable Federal law and regulations including 47 C.F.R., Part 11, and any Minnesota State Emergency Alert System requirements.

(c) **Standby Power.** Grantee shall provide standby power generating capacity at the Cable System control center and at all hubs. Grantee shall maintain standby power system supplies, rated at least at two (2) hours' duration, throughout the trunk and distribution networks. In addition, Grantee shall have in place throughout the Franchise term a plan, and all resources necessary for implementation of the plan, for dealing with outages of more than two (2) hours.

(d) **Technical Standards.** The technical standards used in the operation of the Cable System shall comply, at minimum, with the technical standards promulgated by the FCC relating to Cable Systems pursuant to Title 47, Section 76, Subpart K of the Code of Federal Regulations, as may be amended or modified from time to time, which regulations are expressly incorporated herein by reference. The Cable System shall be installed and maintained in accordance with standard good engineering practices and shall conform with relevant provisions of the National Electrical Safety Code, the National Electrical Code and all other Applicable Laws governing the construction of the Cable System.

5.5 Performance Testing. Grantee shall perform all system tests at the intervals required by the FCC, and all other tests reasonably necessary to determine compliance with technical standards required by this Franchise. These tests shall include, at a minimum:

- (a) Initial proof of performance for any construction;
- (b) Semi-annual compliance tests;
- (c) Tests in response to Subscriber complaints;
- (d) Tests requested by the Grantor to demonstrate franchise compliance;
- (e) Written records of all system test results performed by or for Grantee shall be maintained, and shall be available for Grantor inspection upon request.

5.6 Special Testing.

(a) Throughout the term of this Franchise, Grantor shall have the right to inspect all construction or installation work performed pursuant to the provisions of the Franchise. In addition, Grantor may require special testing of a location or locations within the System if there is a particular matter of controversy or unresolved complaints regarding such construction or installation work or pertaining to such location(s). Demand for such special tests may be made on the basis of complaints received or other evidence indicating an unresolved controversy or noncompliance. Such tests shall be limited to the particular matter in controversy or unresolved complaints. Grantor shall endeavor to so arrange its request for such special testing so as to minimize hardship or inconvenience to Grantee or to the Subscribers caused by such testing.

(b) Before ordering such tests, Grantee shall be afforded thirty (30) Days following receipt of written notice to investigate and, if necessary, correct problems or complaints upon which tests were ordered. Grantor shall meet with Grantee prior to

requiring special tests to discuss the need for such and, if possible, visually inspect those locations which are the focus of concern. If, after such meetings and inspections, Grantor wishes to commence special tests and the thirty (30) Days have elapsed without correction of the matter in controversy or unresolved complaints, the tests shall be conducted at Grantee's expense by Grantee's qualified engineer. The Grantor shall have a right to participate in such testing by having an engineer of Grantor's choosing, and at Grantor's expense, observe and monitor said testing.

SECTION 6 PROGRAMMING AND SERVICES

6.1 Categories of Programming Service. Grantee shall provide video programming services in at least the following broad categories:

- Local Broadcast (subject to federal carriage requirements)
- Public Broadcast
- News and Information
- Sports
- General Entertainment
- Arts/Performance/Humanities
- Science/Technology
- Children
- Foreign Language or Ethnic Programming
- Public, Educational and Governmental Access Programming (to the extent required by the Franchise)
- Movies
- Leased Access (subject to federal requirements)

6.2 Changes in Programming Services. Grantee shall not delete or so limit as to effectively delete any broad category of programming within its control without the Grantor's consent. Further, Grantee shall provide at least thirty (30) Days' prior written notice to Subscribers and to the Grantor of Grantee's request to effectively delete any broad category of programming or any Channel within its control, including all proposed changes in bandwidth or Channel allocation and any assignments including any new equipment requirements that may occur as a result of these changes.

6.3 Parental Control Device. Upon request by any Subscriber, Grantee shall make available for sale or lease a parental control or lockout device that will enable the Subscriber to block all access to any and all Channels without affecting those not blocked. Grantee shall inform Subscribers of the availability of the lockout device at the time of original subscription and annually thereafter.

6.4 FCC Reports. The results of any tests required to be filed by Grantee with the FCC shall also be copied to Grantor within ten (10) Days of the conduct of the date of the tests and maintained as provided for in Section 5.5(e).

6.5 Annexation. Unless otherwise provided by Applicable Law, upon the annexation of any additional land area by Member Cities, the annexed area shall thereafter be subject to all the terms of this Franchise upon sixty (60) Days written notification to Grantee of the annexation by Member City. Unless otherwise required by Applicable Laws, nothing herein shall require the Grantee to expand its Cable System to serve, or to offer Service to any area annexed by the Member City if such area is then served by another Wireline MVPD franchised to provide multichannel video programming.

6.6 Line Extension.

(a) Grantee shall construct and operate its Cable System so as to provide Cable Service within the Franchise Area where there exists a density equivalent of seven (7) dwelling units per one-quarter (1/4) mile of feeder cable as measured from the nearest active plant of the Cable System if the extension is to be constructed using aerial plant, and nine (9) dwelling units per one-quarter (1/4) mile of feeder cable as measured from the nearest active plant if the extension is to be constructed using underground plant. The Member Cities, for their part, shall require developers and utility companies to provide the Grantee with at least fifteen (15) Days advance notice of an available open trench for the placement of necessary cable.

(b) Where the density is less than that specified above, Grantee shall inform Persons requesting service of the possibility of paying for installation or a line extension and shall offer to provide them with a free written estimate of the cost, which shall be provided within fifteen (15) working Days of such a request. Grantee may offer the Persons requesting Service the opportunity to "prepay" some or all of the necessary line extensions according to its regular business policies. Grantee shall at all times implement such line extension policy in a nondiscriminatory manner throughout the Member Cities.

(c) Any residential unit located within one-hundred twenty-five (125) feet from the nearest point of access on the Street from which the Cable System is designed to serve the site shall be connected to the Cable System at no charge other than the standard installation charge. Grantee shall, upon request by any potential Subscriber residing in Member Cities beyond the one hundred twenty-five (125) foot limit, extend service to such Subscriber provided that the Subscriber shall pay the net additional Drop costs, unless the Grantee agrees to waive said costs. To the extent consistent with Applicable Laws, Grantee agrees that it shall impose installation costs for non-standard installations in a uniform and nondiscriminatory manner throughout the Member Cities.

6.7 Non-voice Return Capability. Grantee is required to use cable and associated electronics having the technical capacity for non-voice return communications.

**SECTION 7
PUBLIC, EDUCATIONAL AND GOVERNMENTAL ACCESS**

7.1 Number of PEG Access Channels. Grantee will maintain eight (8) PEG Access Channels in Standard Definition for the first twelve (12) months of the Franchise term. Twelve (12) months after the Effective Date of the Franchise, the Grantor shall be entitled to four (4)

PEG Access Channels. Grantee shall provide the Access Channels in a standard digital format and on the most basic tier of service offered by Grantee in accordance with the Cable Act, Section 611, and as further set forth in this Section 7.

7.2 HD PEG Channel. Twelve (12) months after the Effective Date of the Franchise, and at such time as Grantee make available four (4) SD channels in Standard Definition, Grantee shall make one (1) additional PEG Access Channel available in high definition (HD) format, provided that at least eighty percent (80%) of the content on the channel is in HD format, and not more than five percent (5%) of the content is character generated programming.

(a) The Grantor acknowledges that receipt of an HD format Access Channel may require Subscribers to buy or lease special equipment, or pay additional HD charges applicable to all HD services. Grantee shall not be required to provide free equipment or modify its pricing policies in any manner.

(b) Any costs associated with the delivery of SD PEG channels in HD format, including transmission equipment (HD modulators and demodulators, encoder and decoder equipment, multiplex equipment, and necessary upgrades to video return lines) shall be borne by the Grantor, and may be paid for out of PEG funds.

(c) The Grantor is responsible for acquiring all equipment necessary to produce programming in HD.

(d) Grantee shall have the right to use any technology to deploy or deliver HD signals (including selection of compression, utilization of IP and other processing characteristics) so long as it produces signal quality for the consumer that is reasonably comparable (from the viewer's standpoint) and functionally equivalent to similar commercial HD signals carried on the cable system.

7.3 Additional HD Channels. No sooner than Thirty-Six (36) months after the Effective Date, and with at least a one hundred twenty (120) Day written notice to Grantee, the Grantor may request a second additional HD PEG Access Channel in HD format in exchange for two (2) of the four (4) PEG Access Channels and one (1) local origination SD channel.

7.4 Public Access Channel Utilization. It is the intent of the Grantor to program the Public Access Channels with ninety percent (90%) video programming content and minimize repeat programming whenever possible and that budgets allow. Grantor agrees that programming a Public Access Channel using primarily full page character generated content is not the best use for a Public Access Channel. Grantee may request to make use of a Public Access Channel that is primarily being used for full page character generated content unless the character generator is being used for emergency or technical reasons, and Grantor may not unreasonably deny such request.

7.5 Control of PEG Channels. The control and administration of the Access Channels shall rest with the Grantor and the Grantor may delegate, from time to time over the term of this Franchise, such control and administration to various entities as determined in Grantor's sole discretion.

7.6 Transmission of Access Channels. Access Channels may be used for transmission of non-video signals associated with the transmission of video signals in compliance with Applicable Laws. This may include downstream transmission of data using a protocol such as TCP/IP or current industry standards. Should Grantee develop the capability to provide bi-directional data transmission, spectrum capacity shall be sufficient to allow Subscribers to transmit data to PEG Facilities.

7.7 Access Channel Locations.

(a) Access Channels shall be carried on the Basic Cable Service tier to the extent required by Applicable Law and as set forth in Section 7.1 herein. Nothing herein precludes the Grantee from charging for equipment needed for Basic Cable Service.

(b) Grantee shall make reasonable efforts to minimize channel movements for SD and HD PEG channels, and shall make reasonable efforts to locate HD access channels in its HD lineup in a manner that is easily accessible to subscribers.

(c) Grantee shall provide Grantor a minimum of sixty (60) Days' notice, and use best efforts to provide one hundred and twenty (120) Days' notice, and prior to the time PEG access designations are changed. In addition, Grantee shall pay to Grantor an amount equal to Grantor's actual costs in remarketing the location of Access Channels and managing relocation administratively and technologically, up to a maximum of Five Thousand Dollars (\$5,000.00) per SD Access Channel. Any such amounts paid by Grantee may be added, at Grantee's discretion, to the price of Cable Services and collected from Subscribers. Grantee, at Grantee's expense, will place Grantor's notices of the Channel change on its regular monthly billings, upon Grantor's request.

(d) Grantee agrees not to encrypt the Access Channels differently than other commercial Channels available on the Cable System.

7.8 Navigation to Access Channels. Grantee agrees that if it utilizes a visual interface under its control on its Cable System for all Channels, the Access Channels shall be treated in a non-discriminatory fashion consistent with Applicable Laws so that Subscribers will have ready access to Access Channels. This shall not be construed to require Grantee to pay any third party fees that may result from this obligation.

7.9 Ownership of Access Channels. Grantee does not relinquish its ownership of or ultimate right of control over a Channel by designating it for PEG use. A PEG access user – whether an individual, educational or governmental user – acquires no property or other interest by virtue of the use of a Channel position so designated. Grantee shall not exercise editorial control over any public, educational, or governmental use of a Channel position, except Grantee may refuse to transmit any public access program or portion of a public access program that contains obscenity, indecency, or nudity in violation of Applicable Law.

7.10 Noncommercial Use of PEG. Permitted noncommercial uses of the Access Channels shall include by way of example and not limitation: (1) the identification of financial supporters similar to what is provided on public broadcasting stations; (2) the solicitation of financial support for the provision of PEG programming by the Grantor or third party users for

charitable, educational or governmental purposes; or (3) programming offered by accredited, non-profit, educational institutions which may, for example, offer telecourses over a Access Channel.

7.11 Access Channel Carriage.

(a) Any and all costs associated with any modification of the Access Channels or signals after the Access Channels/signals leave the Grantor's designated playback Facilities, or any designated playback center authorized by the Grantor shall be borne entirely by Grantee. Grantee shall not cause any programming to override PEG programming on any Access Channel, except by oral or written permission from the Grantor, with the exception of emergency alert signals.

(b) The Grantor may request and Grantee shall provide an additional Access Channel when the cumulative time on all the existing Access Channels combined meets the following standard: whenever one of the Access Channels in use during eighty percent (80%) of the weekdays, Monday through Friday, for eighty percent (80%) of the time during a consecutive three (3) hour period for six (6) weeks running, and there is a demand for use of an additional Channel for the same purpose, the Grantee has six (6) months in which to provide a new, Access Channel for the same purpose; provided that, the provision of the additional Channel or Channels does not require the Cable System to install converters.

(c) The VHF spectrum shall be used for one (1) of the public, educational, or governmental specially designated Access Channels.

(d) The Grantor or its designee shall be responsible for developing, implementing, interpreting and enforcing rules for PEG Access Channel use.

(e) The Grantee shall monitor the Access Channels for technical quality to ensure that they meet FCC technical standards including those applicable to the carriage of Access Channels, provided however, that the Grantee is not responsible for the production quality of PEG programming productions. The Grantor, or its designee, shall be responsible for the production and quality of all PEG access programming. Grantee shall carry all components of the standard definition of Access Channel including, but not limited to, closed captioning, stereo audio and other elements associated with the programming.

7.12 Access Channel Support.

(a) Upon the Effective Date of this Franchise, Grantee shall collect and remit to the Grantor one dollar and thirty-six cents (\$1.36) per Subscriber per month in support of PEG capital ("PEG Fee").

(b) Within ninety (90) Days of the Effective Date of this Franchise, Grantee shall provide Two Hundred Thousand Dollars (\$200,000.00) grant in support of PEG capital purposes ("PEG Grant"). Grantee retains all legal authority it may possess to recover the PEG Grant from Subscribers in any manner permitted by Applicable Law.

(c) Neither the PEG Grant nor the PEG Fee are intended to represent part of the Franchise Fee and are intended to fall within one or more of the exceptions in 47 U.S.C. § 542. The PEG Grant and PEG Fee may be categorized, itemized, and passed through to Subscribers as permissible, in accordance with 47 U.S.C. § 542 or other Applicable Laws. Grantee shall pay the PEG Fee to the Grantor quarterly at the same time as the payment of Franchise Fees under Section 16.1 of this Franchise. Grantee agrees that it will not offset or reduce its payment of past, present or future Franchise Fees required as a result of its obligation to remit the PEG Funds or the PEG Fee, provided such funds or fees are used for capital purposes consistent with this Section.

(d) Any PEG Access capital support amounts owing pursuant to this Franchise which remain unpaid more than twenty-five (25) Days after the date the payment is due shall be delinquent and shall thereafter accrue interest at twelve percent (12%) per annum or the prime lending rate published by the Wall Street Journal on the Day the payment was due plus two percent (2%), whichever is greater.

7.13 PEG Technical Quality.

(a) Grantee shall not be required to carry a PEG Access Channel in a higher quality format than that of the Channel Signal delivered to Grantee, but Grantee shall not implement a change in the method of delivery of Access Channels that results in a material degradation of signal quality or impairment of viewer reception of Access Channels, provided that this requirement shall not prohibit Grantee from implementing new technologies that may also be utilized for commercial Channels carried on its Cable System. Grantee shall meet FCC signal quality standards when offering Access Channels on its Cable System and shall continue to comply with closed captioning pass-through requirements. There shall be no significant deterioration in an Access Channels signal from the point of origination upstream to the point of reception downstream on the Cable System.

(b) Within twenty-four (24) hours of a written request from Grantor to the Grantee identifying a technical problem with a Access Channel and requesting assistance, Grantee will provide technical assistance or diagnostic services to determine whether or not a problem with a PEG signal is the result of matters for which Grantee is responsible and if so, Grantee will take prompt corrective action. If the problem persists and there is a dispute about the cause, then the parties shall meet with engineering representation from Grantee and the Grantor in order to determine the course of action to remedy the problem.

7.14 Change in Technology. In the event Grantee makes any change in the Cable System and related equipment and Facilities or in its signal delivery technology, which requires the Grantor to obtain new equipment in order to be compatible with such change for purposes of transport and delivery of the Access Channels, Grantee shall, at its own expense and free of charge to Grantor or its designated entities, purchase such equipment as may be necessary to facilitate the cablecasting of the Access Channels in accordance with the requirements of the Franchise.

7.15 HD Transition. In the event that Grantee carries the non-PEG channels on its Basic Cable Service tier in HD-only, and eliminates all standard definition channels, Grantee will convert all SD PEG Access Channels to HD transmission and eliminate all SD PEG Access Channels. Nothing will require Grantee to carry a discrete PEG Access Channel on more than one location on the channel lineup.

7.16 Video On Demand. Within sixty (60) Days of the Effective Date, Grantee will provide five (5) hours of standard definition ("SD") video on demand ("VOD") for use by the Grantor to cablecast PEG programming. Grantor shall have the sole discretion to select the content of such PEG or Local Origination VOD programming and shall hold Grantee harmless from any and all demands, actions, causes of action, suits, judgments, controversies, damages, complaints and any and all claims and liabilities relating to or arising out of the Grantor's choice of content for the PEG or Local Origination VOD programming. This notwithstanding, PEG or Local Origination VOD will be governed by Grantee's regular, non-discriminatory terms and conditions (e.g., duration individual programs remain on the VOD platform, etc.) applicable to VOD programming.

(a) Grantor shall be responsible for acquiring, at its cost, all equipment necessary to produce and deliver the PEG or Local Origination VOD Programming in the format required for Grantee's VOD servers, including the cost of any necessary return line upgrades, and the transmission equipment needed to transmit it to Grantee in the format required.

(b) Up to two (2) additional hours may be requested by Grantee each time the then current level of PEG or Local Origination programming has been viewed at least seven hundred fifty (750) times by customers eligible to view VOD programming each month over six (6) consecutive months, provided each view must be at least one-half (1/2) of the length of the program or as otherwise required by Grantee but in no event shall the length of the view of each program be required to exceed one-half (1/2) of the length of the program. For the purpose of this Agreement "customers eligible to view VOD programming" means customers who subscribe for cable service that includes VOD programming.

(c) After one (1) year from the date the Grantee places VOD programming on Grantor's VOD platform, if viewership of Grantee's VOD programming over a six (6) month period falls to five hundred (500) or fewer customers eligible to view VOD programming, Grantor may reclaim all but two (2) VOD hours within thirty (30) Days of written notice to Grantee. Following such reclamation, Grantee may not request return of the capacity for a two (2) year period.

7.17 Electronic Programming Guide. Within sixty (60) Days of the Effective Date, Grantee will make available to Grantor the ability to place PEG channel programming information on the interactive channel guide by putting Grantor in contact with the electronic programming guide ("EPG") vendor ("EPG provider") that provides the guide service. Grantee will be responsible for providing the designations and instructions necessary for the PEG Access Channels to appear on the EPG. All costs and operational requirements of the EPG provider shall be the responsibility of the Grantee. Grantor acknowledges that the EPG is not technically

possible for all PEG Access programming, including but not limited to periods where the Grantor chooses to distribute different PEG programming via the same channel number to subscribers in different Member Cities.

7.18 Dedicated Return Lines for PEG. Grantee will maintain the PEG origination/return capacity to the sites listed in Exhibit D attached hereto. It is understood and agreed that the sites listed in Exhibit D are served by a coaxial feed that ties into Grantee's Fiber to the Fiber node Cable System architecture as described in Section 5.1.

7.19 Future Return Lines for PEG. At such time that the Grantor determines:

(a) That the Grantor desires the capacity to allow Subscribers in the Member Cities to receive PEG programming which may originate from schools, Member City Facilities, other government Facilities or other designated Facilities not listed in Exhibit D;

(b) That the Grantor desires to establish or change a location from which PEG programming is originated; or

(c) That the Grantor desires to upgrade the connection to Grantee from an existing site on Exhibit D.

7.20 PEG Point of Origination. The Grantor will give Grantee written notice detailing the point of origination and the capability sought by the Grantor. Grantee agrees to submit a cost estimate to implement the Grantor's plan within a reasonable period of time. The cost estimate will reflect Grantee's actual costs with no additional markup, and will reflect that Grantee will accommodate the build up to three hundred fifty (350) feet if the Member City or other agency provides the necessary attachment point for aerial service or conduit pathway for underground service.

7.21 Relocation of Grantee's Headend. In the event Grantee relocates its headend, Grantee will be responsible for replacing or restoring the existing dedicated fiber connections at Grantee's cost so that all the functions and capacity remain available, operate reliably and satisfy all applicable technical standards and related obligations of the Franchise free of charge to the Grantor or its designated entities.

7.22 Regional Channel Six. Grantee shall make available Regional Channel Six as long as it is required to do so by the State of Minnesota.

7.23 Compliance with Minnesota Statutes Chapter 238. In addition to the requirements contained in this Section 7 of this Franchise, Grantee and Grantor shall comply with the PEG requirements mandated by Minn. Stat. 238.084.

SECTION 8 REGULATORY PROVISIONS

8.1 Intent. The Grantor shall have the right to administer and regulate activities under the Franchise up to the full extent permitted by Applicable Law.

8.2 Delegation of Authority to Regulate. The Grantor reserves the right to delegate its regulatory authority wholly or in part to agents of the Grantor, including, but not limited to, an agency which may be formed to regulate several franchises in the region in a manner consistent with Applicable Laws. This may include but shall not be limited to the Grantor or other entity as Grantor may determine in its sole discretion. Any existing delegation in place at the time of the grant of this Franchise shall remain intact unless expressly modified by Grantor.

8.3 Areas of Administrative Authority. In addition to any other regulatory authority granted to the Grantor by law or franchise, the Grantor shall have administrative authority in the following areas:

- (a) Administering and enforcing the provisions of this Franchise, including the adoption of administrative rules and regulations to carry out this responsibility.
- (b) Coordinating the operation of Access Channels.
- (c) Formulating and recommending long-range cable communications policy for the Franchise Area.
- (d) Disbursing and utilizing Franchise Fees and other payments or funding as required by this Franchise and paid by Grantee to the Grantor.
- (e) Administering the regulation of rates, to the extent permitted by Applicable Law.
- (f) All other regulatory authority permitted under Applicable Law.

The Grantor or its designee shall have continuing regulatory jurisdiction and supervision over the System and the Grantee's operations under the Franchise to the extent allowed by Applicable Law.

8.4 Regulation of Rates and Charges.

- (a) Right to Regulate. The Grantor reserves the right to regulate rates or charges for any Cable Service within the limits of Applicable Law, to enforce rate regulations prescribed by the FCC, and to establish procedures for said regulation or enforcement.
- (b) Notice of Change in Rates and Charges. Throughout the term of this Franchise, Grantee shall give the Grantor and all Subscribers within the Grantor at least thirty (30) Days' notice of any intended increase in Subscriber rates or charges. Nothing in this Subsection shall be construed to prohibit the reduction or waiving of rates or charges in conjunction with promotional campaigns for the purpose of attracting Subscribers or users.
- (c) Rate Discrimination Prohibited. Within any category of Grantee services to Subscribers, Grantee shall not discriminate among Subscribers with regard to rates and charges made for any service based on considerations of race, color, creed, sex, marital or

economic status, national origin, sexual preference, or (except as allowed by Applicable Law) neighborhood of residence, except as otherwise provided herein; and for purposes of setting rates and charges, no categorization of Subscribers shall be made by Grantee on the basis of those considerations. Nevertheless, Grantee shall be permitted to establish (1) discounted rates and charges for providing Cable Service to low-income, handicapped, or low-income elderly Subscribers, (2) promotional rates, and (3) bulk rate and package discount pricing.

SECTION 9 BOND

9.1 Performance Bond. Upon the Effective Date of this Franchise and at all times thereafter Grantee shall maintain with Grantor a bond in the sum of One Hundred Thousand Dollars (\$100,000.00) in such form and with such sureties as shall be acceptable to Grantor, conditioned upon the faithful performance by Grantee of this Franchise and the acceptance hereof given by Grantor and upon the further condition that in the event Grantee shall fail to comply with any law, ordinance or regulation, there shall be recoverable jointly and severally from the principal and surety of the bond, any damages or losses suffered by Grantor or the Member Cities as a result, including the full amount of any compensation, indemnification or cost of removal of any property of Grantee, including a reasonable allowance for attorneys' fees and costs (with interest at two percent in excess of the then prime rate), up to the full amount of the bond, and which bond shall further guarantee payment by Grantee of all claims and liens against Grantor or any, public property, and taxes due to Grantor, which arise by reason of the construction, operation, maintenance or use of the Cable System.

9.2 Rights. The rights reserved by Grantor with respect to the bond are in addition to all other rights the Grantor may have under this Franchise or any other law.

9.3 Reduction of Bond Amount. Grantor may, in its sole discretion, reduce the amount of the bond.

SECTION 10 SECURITY FUND

10.1 Security Fund. If there is an uncured breach by Grantee of a material provision of this Franchise or a pattern of repeated violations of any provision(s) of this Franchise, then Grantee shall, upon written request from Grantor, establish and provide to the Grantor, as security for the faithful performance by Grantee of all of the provisions of this Franchise, a letter of credit from a financial institution satisfactory to the Grantor in the amount of Twenty Thousand Dollars (\$20,000.00). In no event shall Grantee fail to post a Twenty Thousand Dollars (\$20,000.00) letter of credit within thirty (30) Days' receipt of a notice of Franchise violation pursuant to this Section 10.1. Failure to post said letter of credit shall constitute a separate material violation of this Franchise, unless the breach is cured within such thirty (30) Day period or longer period allowed under the Franchise. The letter of credit shall serve as a common security fund for the faithful performance by Grantee of all the provisions of this Franchise and compliance with all orders, permits and directions of the Grantor and the payment by Grantee of any claim, liens, costs, expenses and taxes due the Grantor which arise by reason

of the construction, operation or maintenance of the Cable System. Interest on this deposit shall be paid to Grantee by the bank on an annual basis. The security may be terminated by Grantor, after notice to Grantee, upon the resolution of the alleged noncompliance. The obligation to establish the security fund required by this paragraph is unconditional. The fund must be established in those circumstances where Grantee disputes the allegation that it is not in compliance, and maintained for the duration of the dispute. If Grantee fails to establish the security fund as required, the Grantor may take whatever action is appropriate to require the establishment of that fund and may recover its costs, reasonable attorneys' fees, and an additional penalty of Two Thousand Dollars (\$2,000.00) in that action.

10.2 Withdrawal of Funds. Provision shall be made to permit the Grantor to withdraw funds from the security fund. Grantee shall not use the security fund for other purposes and shall not assign, pledge or otherwise use this security fund as security for any purpose.

10.3 Restoration of Funds. Within ten (10) Days after notice to it that any amount has been withdrawn by the Grantor from the security fund pursuant to 10.4 of this Section, Grantee shall deposit a sum of money sufficient to restore such security fund to the required amount.

10.4 Liquidated Damages. In addition to recovery of any monies owed by Grantee to Grantor or damages to Grantor as a result of any acts or omissions by Grantee pursuant to the Franchise, Grantor in its sole discretion may charge to and collect from the security fund the following liquidated damages:

(a) For failure to provide data, documents, reports or information or to cooperate with Grantor during an Application process or System review, the liquidated damage shall be One Hundred Dollars (\$100.00) per Day for each Day, or part thereof, such failure occurs or continues.

(b) For failure to comply with any of the provisions of this Franchise for which a penalty is not otherwise specifically provided pursuant to this Section 10.4, the liquidated damage shall be One Hundred Fifty Dollars (\$150.00) per Day for each Day, or part thereof, such failure occurs or continues.

(c) For failure to test, analyze and report on the performance of the System following a request by Grantor, the liquidated damage shall be Two Hundred Fifty Dollars (\$250.00) per Day for each Day, or part thereof, such failure occurs or continues.

(d) Forty-five (45) Days following notice from Grantor of a failure of Grantee to comply with construction, operation or maintenance standards, the liquidated damage shall be Two Hundred Dollars (\$200.00) per Day for each Day, or part thereof, such failure occurs or continues.

(e) For failure to provide the services Grantee has proposed, including but not limited to the implementation and the utilization of the Access Channels the liquidated damage shall be One Hundred Fifty Dollars (\$150.00) per Day for each Day, or part thereof, such failure occurs or continues.

10.5 Each Violation a Separate Violation. Each violation of any provision of this Franchise shall be considered a separate violation for which separate liquidated damages can be imposed.

10.6 Maximum One Hundred Twenty (120) Days. Any liquidated damages for any given violation shall be imposed upon Grantee for a maximum of one hundred twenty (120) Days. If after that amount of time Grantee has not cured or commenced to cure the alleged breach to the satisfaction of the Grantor, the Grantor may pursue all other remedies.

10.7 Withdrawal of Funds to Pay Taxes. If Grantee fails to pay to the Member Cities any taxes due and unpaid; or fails to repay to the Member Cities, any damages, costs or expenses which the Member Cities shall be compelled to pay by reason of any act or default of the Grantee in connection with this Franchise; or fails, after thirty (30) Days' notice of such failure by the Grantor to comply with any provision of the Franchise which the Grantor reasonably determines can be remedied by an expenditure of the security, the Grantor may then withdraw such funds from the security fund. Payments are not Franchise Fees as described in Section 16 of this Franchise.

10.8 Procedure for Draw on Security Fund. Whenever the Grantor finds that Grantee has allegedly violated one (1) or more terms, conditions or provisions of this Franchise, a written notice shall be given to Grantee. The written notice shall describe in reasonable detail the alleged violation so as to afford Grantee an opportunity to remedy the violation. Grantee shall have thirty (30) Days subsequent to receipt of the notice in which to correct the violation before the Grantor may require Grantee to make payment of damages, and further to enforce payment of damages through the security fund. Grantee may, within ten (10) Days of receipt of notice, notify the Grantor that there is a dispute as to whether a violation or failure has, in fact, occurred. Such notice by Grantee shall specify with particularity the matters disputed by Grantee and shall stay the running of the above-described time.

(a) Grantor shall hear Grantee's dispute at the next regularly scheduled or specially scheduled Council meeting. Grantee shall have the right to speak and introduce evidence. The Grantor shall determine if Grantee has committed a violation and shall make written findings of fact relative to its determination. If a violation is found, Grantee may petition for reconsideration.

(b) If after hearing the dispute, the claim is upheld by the Grantor, then Grantee shall have thirty (30) Days within which to remedy the violation before the Grantor may require payment of all liquidated damages due it.

10.9 Time for Correction of Violation. The time for Grantee to correct any alleged violation may be extended by the Grantor if the necessary action to collect the alleged violation is of such a nature or character as to require more than thirty (30) Days within which to perform provided Grantee commences corrective action within fifteen (15) Days and thereafter uses reasonable diligence, as determined by the Grantor, to correct the violation.

10.10 Replenish Security Fund. Grantee shall have the opportunity to make prompt payment of any assessed liquidated damages and if Grantee fails to promptly remit payment to

the Grantor, the Grantor may resort to a draw from the security fund in accordance with the terms of this Section 10 of the Franchise. If Grantor draws upon the security fund delivered pursuant hereto, in whole or in part, Grantee shall replace the same within three (3) Days and shall deliver to Grantor a like replacement security fund for the full amount stated in Section 10.1 as a substitution of the previous security fund.

10.11 Failure to so Replenish Security Fund. If any security fund is not so replaced, Grantor may draw on said security fund for the whole amount thereof and hold the proceeds, without interest, and use the proceeds to pay costs incurred by Grantor in performing and paying for any or all of the obligations, duties and responsibilities of Grantee under this Franchise that are not performed or paid for by Grantee pursuant hereto, including attorneys' fees incurred by the Grantor in so performing and paying. The failure to so replace any security fund may also, at the option of Grantor, be deemed a default by Grantee under this Franchise. The drawing on the security fund by Grantor, and use of the money so obtained for payment or performance of the obligations, duties and responsibilities of Grantee which are in default, shall not be a waiver or release of such default.

10.12 Collection of Funds Not Exclusive Remedy. The collection by Grantor of any damages or monies from the security fund shall not affect any other right or remedy available to Grantor, nor shall any act, or failure to act, by Grantor pursuant to the security fund, be deemed a waiver of any right of Grantor pursuant to this Franchise or otherwise. Notwithstanding this section, however, should the Grantor elect to impose liquidated damages, that remedy shall remain the Grantor's exclusive remedy for the one hundred twenty (120) Day period set forth in Section 10.6.

SECTION 11 DEFAULT

11.1 Basis for Default. Grantor shall give written notice of default to Grantee if Grantor, in its sole discretion, determines that Grantee has:

- (a) Violated any material provision of this Franchise or the acceptance hereto or any rule, order, regulation or determination of the Member Cities, state or federal government, not in conflict with this Franchise.
- (b) Attempted to evade any provision of this Franchise or the acceptance hereof.
- (c) Practiced any fraud or deceit upon Grantor, Member Cities or Subscribers.
- (d) Made a material misrepresentation of fact in the application for or negotiation of this Franchise.

11.2 Default Procedure. If Grantee fails to cure such default within thirty (30) Days after the giving of such notice (or if such default is of such a character as to require more than thirty (30) Days within which to cure the same, and Grantee fails to commence to cure the same within said thirty (30) Day period and thereafter fails to use reasonable diligence, in Grantor's sole opinion, to cure such default as soon as possible), then, and in any event, such default shall

be a substantial breach and Grantor may elect to terminate the Franchise. The Grantor may place the issue of revocation and termination of this Franchise before the governing body of Grantor at a regular meeting. If Grantor decides there is cause or reason to terminate, the following procedure shall be followed:

(a) Grantor shall provide Grantee with a written notice of the reason or cause for proposed termination and shall allow Grantee a minimum of thirty (30) Days subsequent to receipt of the notice in which to correct the default.

(b) Grantee shall be provided with an opportunity to be heard at a public hearing prior to any decision to terminate this Franchise.

(c) If, after notice is given and an opportunity to cure, at Grantee's option, a public hearing is held, and after such public hearing Grantor determines there was a violation, breach, failure, refusal or neglect, the Grantor may declare by resolution this Franchise revoked and of no further force and effect unless there is compliance within such period as the Grantor may fix, such period may not be less than thirty (30) Days provided no opportunity for compliance need be granted for fraud or misrepresentation.

11.3 Mediation. If the Grantee and Grantor are unable to resolve a dispute through informal negotiations during the period of thirty (30) Days following the submission of the claim giving rise to the dispute by one (1) party to the other, then unless that claim has been waived as provided in the Franchise, such claim may be subject to mediation if jointly agreed upon by both parties. Unless the Grantee and Grantor mutually agree otherwise, such mediation shall be in accordance with the rules of the American Arbitration Association currently in effect at the time of the mediation. A party seeking mediation shall file a request for mediation with the other party to the Franchise and with the American Arbitration Association. The request may be made simultaneously with the filing of a complaint, but, in such event, mediation shall proceed in advance of legal proceedings only if the other party agrees to participate in mediation. Mutually agreed upon Mediation shall stay other enforcement remedies of the parties for a period of ninety (90) Days from the date of filing, unless stayed for a longer period by agreement of the Grantee and Grantor. The Grantee and Grantor shall each pay one-half (1/2) of the mediator's fee and any filing fees. The mediation shall be held in the Grantor unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as a settlement agreement in any court having jurisdiction thereof. Nothing herein shall serve to modify or on any way delay the franchise enforcement process set forth in Section 10 of this Franchise.

11.4 Failure to Enforce. Grantee shall not be relieved of any of its obligations to comply promptly with any provision of this Franchise by reason of any failure of the Grantor to enforce prompt compliance, and Grantor's failure to enforce shall not constitute a waiver of rights or acquiescence in Grantee's conduct.

11.5 Compliance with the Laws.

(a) If any federal or state law or regulation shall require or permit Grantor or Grantee to perform any service or act or shall prohibit Grantor or Grantee from performing any service or act which may be in conflict with the terms of this Franchise,

then as soon as possible following knowledge thereof, either party shall notify the other of the point in conflict believed to exist between such law or regulation. Grantee and Grantor shall conform to state laws and rules regarding cable communications not later than one (1) year after they become effective, unless otherwise stated, and shall conform to federal laws and regulations regarding cable as they become effective.

(b) If any term, condition or provision of this Franchise or the application thereof to any Person or circumstance shall, to any extent, be held to be invalid or unenforceable, the remainder hereof and the application of such term, condition or provision to Persons or circumstances other than those as to whom it shall be held invalid or unenforceable shall not be affected thereby, and this Franchise and all the terms, provisions and conditions hereof shall, in all other respects, continue to be effective and complied with provided the loss of the invalid or unenforceable clause does not substantially alter the agreement between the parties. In the event such law, rule or regulation is subsequently repealed, rescinded, amended or otherwise changed so that the provision which had been held invalid or modified is no longer in conflict with the law, rules and regulations then in effect, said provision shall thereupon return to full force and effect and shall thereafter be binding on Grantee and Grantor.

SECTION 12

FORECLOSURE AND RECEIVERSHIP

12.1 Foreclosure. Upon the foreclosure or other judicial sale of all or a part of the Cable System, Grantee shall notify the Grantor of such fact and such notification shall be treated as a notification that a change in control of Grantee has taken place, and the provisions of this Franchise governing the consent to transfer or change in ownership shall apply without regard to how such transfer or change in ownership occurred.

12.2 Receivership. The Grantor shall have the right to cancel this Franchise subject to any applicable provisions of state law, including the Bankruptcy Act, one hundred twenty (120) Days after the appointment of a receiver or trustee to take over and conduct the business of Grantee, whether in receivership, reorganization, bankruptcy or other action or proceeding, unless such receivership or trusteeship shall have been vacated prior to the expiration of said one hundred twenty (120) Days, or unless:

(a) Within one hundred twenty (120) Days after his election or appointment, such receiver or trustee shall have fully complied with all the provisions of this Franchise and remedied all defaults thereunder; and

(b) Such receiver or trustee, within said one hundred twenty (120) Days, shall have executed an agreement, duly approved by the Court having jurisdiction in the premises, whereby such receiver or trustee assumes and agrees to be bound by each and every provision of this Franchise.

SECTION 13

REPORTING REQUIREMENTS

13.1 Quarterly Reports. Within forty-five (45) calendar Days after the end of each calendar quarter, Grantee shall submit to the Grantor along with its Franchise Fee payment a report showing the basis for computation of such fees prepared by an officer of Grantee showing the basis for the computation of the Franchise Fees paid during that period in a form and substance substantially equivalent to Exhibit B attached hereto. This report shall separately indicate revenues received by Grantee within the Grantor including, but not limited to such items as listed in the definition of "Gross Revenues" at Section 1 of this Franchise.

13.2 Monitoring and Compliance Reports. Upon request, but no more than once a year, Grantee shall provide a written report of any and all FCC technical performance tests for the residential network required in FCC Rules and Regulations as now or hereinafter constituted. In addition, Grantee shall provide Grantor with copies of reports of the semi-annual test and compliance procedures established by this Franchise no later than thirty (30) Days after the completion of each series of tests.

13.3 Reports. Upon request of the Grantor and in no event later than thirty (30) Days from the date of receipt of such request, Grantee shall, free of charge, prepare and furnish to the Grantor, at the times and in the form prescribed, such additional reports with respect to its operation, affairs, transactions, or property, as may be reasonably necessary to ensure compliance with the terms of this Franchise. Grantee and Grantor may in good faith agree upon taking into consideration Grantee's need for the continuing confidentiality as prescribed herein. Neither Grantor nor Grantee shall unreasonably demand or withhold information requested pursuant with the terms of this Franchise.

13.4 Communications with Regulatory Agencies.

(a) Upon written request, Grantee shall submit to Grantor copies of any pleading, applications, notifications, communications and documents of any kind, submitted by Grantee or its Affiliates to any federal, State or local courts, regulatory agencies and other government bodies if such documents directly relate to the operations of Grantee's Cable System within the Franchise Area. Grantee shall submit such documents to Grantor no later than thirty (30) Days after receipt of Grantor's request. Grantee shall not claim confidential, privileged or proprietary rights to such documents unless under federal, State, or local law such documents have been determined to be confidential by a court of competent jurisdiction, or a federal or State agency. With respect to all other reports, documents and notifications provided to any federal, State or local regulatory agency as a routine matter in the due course of operating Grantee's Cable System within the Franchise Area, Grantee shall make such documents available to Grantor upon Grantor's written request.

(b) In addition, Grantee and its Affiliates shall within ten (10) Days of any communication to or from any judicial or regulatory agency regarding any alleged or actual violation of this Franchise, Grantor regulation or other requirement relating to the

System, use its best efforts to provide the Grantor a copy of the communication, whether specifically requested by the Grantor to do so or not.

SECTION 14

14.3 Reporting Complaints. The requirements of this Section 14.3 shall be subject to federal law regarding Subscriber privacy. Grantee shall maintain all Subscriber data relevant to the resolution of the complaint for a reasonable period. Subscriber data shall include the date, name, address, telephone number of Subscriber complaints as well as the subject of the complaint, date and type of action taken to resolve the complaint, any additional action taken by Grantee or the Subscriber.

14.4 Customer Service Standards. The Grantor hereby adopts the customer service standards set forth in Part 76, § 76.309 of the FCC's rules and regulations, as amended now and

in the future. Attached hereto and made part of this Franchise as Exhibit C is the current version of the Rules. Grantee shall, upon request, which request shall include the reason for the request, provide Grantor with information which shall describe in detail Grantee's compliance with each and every term and provision of this Section 14.4. Grantee shall comply in all respects with the customer service requirements established by the FCC and those set forth herein. (i) Trained Grantee representatives will be available to respond to customer telephone inquiries during Normal Business Hours.

(ii) After Normal Business Hours, the access line may be answered by a service or an automated response system, including an answering machine. Inquiries received after Normal Business Hours must be responded to by a trained Grantee representative on the next business Day.

(b) Under Normal Operating Conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety percent (90%) of the time under Normal Operating Conditions, measured on a quarterly basis.

(c) Grantee shall not be required to acquire equipment or perform surveys to measure compliance with the telephone answering standards above unless an historical record of complaints indicates a clear failure to comply.

(d) Under Normal Operating Conditions, the customer will receive a busy signal less than three percent (3%) of the time.

(e) Customer service center and bill payment locations will be open at least during Normal Business Hours and will be conveniently located.

(a) Standard Installations will be performed within seven (7) business Days after an order has been placed. "Standard" Installations are those that are located up to one hundred twenty-five (125) feet from the existing distribution system as more specifically set forth in Section 6.6(c).

(b) Excluding conditions beyond the control of Grantee, Grantee will begin working on "Service Interruptions" promptly and in no event later than twenty-four (24) hours after the interruption becomes known. Grantee must begin actions to correct other Service problems the next business Day after notification of the Service problem.

(c) The "appointment window" alternatives for Installations, Service calls, and other Installation activities will be either a specific time or, at maximum, a four (4) hour time block during Normal Business Hours. (Grantee may schedule Service calls and other Installation activities outside of Normal Business Hours for the express convenience of the customer.)

(d) Grantee may not cancel an appointment with a customer after the close of business on the business Day prior to the scheduled appointment.

(e) If Grantee's representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer will be contacted. The appointment will be rescheduled, as necessary, at a time which is convenient for the customer.

14.8 Communications Between Grantee and Subscribers.

(a) Refunds. Refund checks will be issued promptly, but no later than either:

(i) The customer's next billing cycle following resolution of the request or thirty (30) Days, whichever is earlier; or

(ii) The return of the equipment supplied by Grantee if Cable Service is terminated.

(b) Credits. Credits for Cable Service will be issued no later than the customer's next billing cycle following the determination that a credit is warranted.

14.9 Billing.

(a) Consistent with 47 C.F.R. § 76.1619, bills will be clear, concise and understandable. Bills must be fully itemized, with itemizations including, but not limited to, Basic Cable Service and premium Cable Service charges and equipment charges. Bills will also clearly delineate all activity during the billing period, including optional charges, rebates and credits.

(b) In case of a billing dispute, Grantee must respond to a written complaint from a Subscriber within thirty (30) Days.

14.10 Subscriber Information. Grantee will provide written information on each of the following areas at the time of Installation of Service, at least annually to all Subscribers, and at any time upon request:

- (a) Products and Services offered;
- (b) Prices and options for programming services and conditions of subscription to programming and other services;
- (c) Installation and Service maintenance policies;
- (d) Instructions on how to use the Cable Service;
- (e) Channel positions of programming carried on the System; and
- (f) Billing and complaint procedures, including the address and telephone number of the Grantor's cable office.

Subscribers shall be advised of the procedures for resolution of complaints about the quality of the television signal delivered by Grantee, including the address of the responsible officer of the Grantor. Subscribers will be notified of any changes in rates, programming services or Channel positions as soon as possible in writing. Notice must be given to Subscribers promptly with a minimum of thirty (30) Days in advance of such changes if the change is within the control of Grantee. In addition, Grantee shall notify Subscribers thirty (30) Days in advance of any significant changes in the information required by this Section 14.10.

14.11 Notice or Rate Programming Change. In addition to the requirement of this Section 14.11 regarding advance notification to Subscribers of any changes in rates, programming services or Channel positions, Grantee shall give thirty (30) Days written notice to both Subscribers and the Grantor before implementing any rate or Service change. Such notice shall state the precise amount of any rate change and briefly explain in readily understandable fashion the cause of the rate change (e.g., inflation, change in external costs or the addition/deletion of Channels). When the change involves the addition or deletion of Channels, each Channel added or deleted must be separately identified. For purposes of the carriage of digital broadcast signals, Grantee need only identify for Subscribers, the television signal added and not whether that signal may be multiplexed during certain dayparts.

14.12 Subscriber Contracts. Grantee shall, upon written request, provide the Grantor with any standard form residential Subscriber contract utilized by Grantee. If no such written contract exists, Grantee shall file with the Grantor a document completely and concisely stating the length and terms of the Subscriber contract offered to customers. The length and terms of any standard form Subscriber contract(s) shall be available for public inspection during Normal Business Hours. A list of Grantee's current Subscriber rates and charges for Cable Service shall be maintained on file with Grantor and shall be available for public inspection.

14.13 Refund Policy. If a Subscriber's Cable Service is interrupted or discontinued, without cause, for twenty-four (24) or more consecutive hours, Grantee shall, upon request by

the Subscriber, credit such Subscriber pro rata for such interruption. For this purpose, every month will be assumed to have thirty (30) Days.

14.14 Late Fees. Grantee shall comply with all applicable state and federal laws with respect to any assessment, charge, cost, fee or sum, however characterized, that Grantee imposes upon a Subscriber for late payment of a bill. The Grantor reserves the right to enforce Grantee's compliance with all Applicable Laws to the maximum extent legally permissible.

14.15 Disputes. All Subscribers and members of the general public may direct complaints, regarding Grantee's Service or performance to the chief administrative officer of the Grantor or the chief administrative officer's designee.

14.16 Customer Bills. Customer bills shall be designed in such a way as to present the information contained therein clearly and comprehensibly to Customers, and in a way that (a) is not misleading and (b) does not omit material information. Notwithstanding anything to the contrary in Section 14.9, above, Grantee may, in its sole discretion, consolidate costs on Customer bills as may otherwise be permitted by Section 622(c) of the Cable Act (47 U.S.C. §542(c)).

14.17 Failure to Resolve Complaints. Grantee shall resolve a complaint within thirty (30) Days in a manner deemed reasonable by the Grantor under the terms of the Franchise.

14.18 Maintain a Complaint Phone Line. Grantee shall maintain a local or toll-free telephone Subscriber complaint line, available to its Subscribers twenty-four (24) hours per Day, seven (7) Days a week.

14.19 Notification of Complaint Procedure. Grantee shall have printed clearly and prominently on each Subscriber bill and in the customer service agreement provided for in Section 14.2, the twenty-four (24) hour Grantee phone number for Subscriber complaints. Additionally, Grantee shall provide information to customers concerning the procedures to follow when they are unsatisfied with measures taken by Grantee to remedy their complaint. This information will include the phone number of the Grantor office or Person designated to handle complaints. Additionally, Grantee shall state that complaints should be made to Grantee prior to contacting the Grantor.

14.20 Subscriber Privacy.

(a) To the extent required by Minn. Stat. §238.084 Subd. 1(s) Grantee shall comply with the following: No signals including signals of a Class IV Channel may be transmitted from a Subscriber terminal for purposes of monitoring individual viewing patterns or practices without the express written permission of the Subscriber. The request for permission must be contained in a separate document with a prominent statement that the Subscriber is authorizing the permission in full knowledge of its provisions. Such written permission shall be for a limited period of time not to exceed one (1) year which may be renewed at the option of the Subscriber. No penalty shall be

invoked for a Subscriber's failure to provide or renew such permission. The permission shall be revocable at any time by the Subscriber without penalty of any kind whatsoever.

(b) No information or data obtained by monitoring transmission of a signal from a Subscriber terminal, including but not limited to lists of the names and addresses of Subscribers or any lists that identify the viewing habits of Subscribers shall be sold or otherwise made available to any party other than to Grantee or its agents for Grantee's business use, and also to the Subscriber subject of that information, unless Grantee has received specific written permission from the Subscriber to make such data available. The request for permission must be contained in a separate document with a prominent statement that the Subscriber is authorizing the permission in full knowledge of its provisions. Such written permission shall be for a limited period of time not to exceed one (1) year which may be renewed at the option of the Subscriber. No penalty shall be invoked for a Subscriber's failure to provide or renew such permission. The permission shall be revocable at any time by the Subscriber without penalty of any kind whatsoever.

(c) Written permission from the Subscriber shall not be required for the conducting of system wide or individually addressed electronic sweeps for the purpose of verifying System integrity or monitoring for the purpose of billing. Confidentiality of such information shall be subject to the provision set forth in subparagraph (b) of this Section.

14.21 Grantee Identification. Grantee shall provide all customer service technicians and all other Grantee employees entering private property with appropriate picture identification so that Grantee employees may be easily identified by the property owners and Subscribers.

SECTION 15 SUBSCRIBER PRACTICES

15.1 Subscriber Rates. There shall be no charge for disconnection of any installation or outlet unless otherwise authorized by Applicable Law. If any Subscriber fails to pay a properly due monthly Subscriber fee, or any other properly due fee or charge, Grantee may disconnect the Subscriber's service outlet in accordance with its regular and nondiscriminatory business practices.

15.2 Refunds to Subscribers Shall be Made or Determined in the Following Manner:

(a) If Grantee fails, upon request by a Subscriber, to provide any service then being offered, Grantee shall promptly refund all deposits or advance charges paid for the service in question by said Subscriber. This provision does not alter Grantee's responsibility to Subscribers under any separate contractual agreement or relieve Grantee of any other liability.

(b) If any Subscriber terminates any monthly service because of failure of Grantee to render the service in accordance with this Franchise, Grantee shall refund to such Subscriber the proportionate share of the charges paid by the Subscriber for the

services not received. This provision does not relieve Grantee of liability established in other provisions of this Franchise.

(c) If any Subscriber terminates any monthly service prior to the end of a prepaid period, a proportionate amount of any prepaid Subscriber service fee, using the number of Days as a basis, shall be refunded to the Subscriber by Grantee.

SECTION 16

COMPENSATION AND FINANCIAL PROVISIONS.

16.1 Franchise Fees. During the term of this Franchise, Grantee shall pay to the Grantor a Franchise Fee of five percent (5%) of Gross Revenues. If any such law, regulation or valid rule alters the five percent (5%) Franchise Fee ceiling enacted by the Cable Act, then Grantor shall have the authority to (but shall not be required to) increase the Franchise Fee accordingly, provided such increase is for purposes not inconsistent with Applicable Law. In the event Grantee bundles or combines Cable Services (which are subject to the Franchise Fee) with non-Cable Services (which are not subject to the Franchise Fee) so that Subscribers pay a single fee for more than one (1) class of service resulting in a discount on Cable Services, Grantee agrees that for the purpose of calculation of the Franchise Fee, it shall allocate to Cable Service revenue no less than a pro rata share of the revenue received for the bundled or combined services. The pro rata share shall be computed on the basis of the published charge for each service in the bundled or combined classes of services when purchased separately.

(a) Franchise fees shall be paid quarterly not later than thirty (30) Days following the end of a given quarter. In accordance with this Section 16 of this Franchise, Grantee shall file with the Grantor a Franchise Fee payment worksheet, attached as Exhibit B, signed by an authorized representative of Grantee: which identifies Gross Revenues earned by Grantee during the period for which payment is made. No acceptance of any payment shall be construed as an accord that the amount paid is, in fact, the correct amount, nor shall such acceptance of payment be construed as a release of any claim which the Grantor may have for further or additional sums payable under the provisions of this Franchise. All amounts paid shall be subject to audit and recomputation by Grantor.

(b) Neither current nor previously paid Franchise Fees shall be subtracted from the Gross Revenue amount upon which Franchise Fees are calculated and due for any period, unless otherwise required by Applicable Law.

(c) Any Franchise Fees owing pursuant to this Franchise which remain unpaid more than thirty (30) Days after the dates specified herein shall be delinquent and shall thereafter accrue interest at twelve percent (12%) per annum or two percent (2%) above prime lending rate as quoted by the Wall Street Journal, whichever is greater.

16.2 Auditing and Financial Records. Throughout the term of this Franchise, the Grantee agrees that the Grantor, upon reasonable prior written notice of twenty (20) Days to the Grantee, may review such of the Grantee's books and records regarding the operation of the Cable System and the provision of Cable Service in the Franchise Area which are reasonably

necessary to monitor and enforce Grantee's compliance with the provisions of this Franchise. Grantee shall provide such requested information as soon as possible and in no event more than thirty (30) Days unless Grantee explains that it is not feasible to meet this timeline and provides a written explanation for the delay and an estimated reasonable date for when such information will be provided. All such documents pertaining to financial matters that may be the subject of an inspection by the Grantor shall be retained by the Grantee for a minimum period of seven (7) years, pursuant to Minnesota Statutes Section 541.05. The Grantee shall not deny the Grantor access to any of the Grantee's records on the basis that the Grantee's records are under the control of any parent corporation, Affiliated entity or a third party. The Grantor may request in writing copies of any such records or books that are reasonably necessary, and the Grantee shall provide such copies within thirty (30) Days of the receipt of such request. One copy of all reports and records required under this or any other section shall be furnished to the Grantor at the sole expense of the Grantee. If the requested books and records are too voluminous, or for security reasons (at Grantee's sole discretion) cannot be copied or removed, then the Grantee may request, in writing within ten (10) Days of receipt of such request, that the Grantor inspect them at the Grantee's local offices or at one of Grantee's offices more convenient to Grantor or its duly authorized agent. If any books or records of the Grantee are not kept in such office and not made available in copies to the Grantor upon written request as set forth above, and if the Grantor determines that an examination of such records is necessary for the enforcement of this Franchise, then all reasonable travel expenses incurred in making such examination shall be paid by the Grantee.

16.3 Review of Record Keeping Methodology. Grantee agrees to meet with a representative of the Grantor upon request to review its methodology of record-keeping, financial reporting, computing Franchise Fee obligations, and other procedures the understanding of which the Grantor deems necessary for understanding the meaning of reports and records.

16.4 Audit of Records. The Grantor or its authorized agent may at any time and at the Grantor's own expense conduct an independent audit of the revenues and subscriber numbers of Grantee in order to verify the accuracy of Franchise Fees paid to the Grantor. Grantee and each parent company of Grantee shall cooperate fully in the conduct of such audit. In the event it is determined through such audit that Grantee has underpaid Franchise or PEG Fees in an amount of five percent (5%) or more than was due the Grantor, then Grantee shall reimburse the Grantor for the entire cost of the audit within thirty (30) Days of the completion and acceptance of the audit by the Grantor.

16.5 Records to be Reviewed. The Grantor agrees to request access to only those books and records, in exercising its rights under this Section, which it deems reasonably necessary for the enforcement and administration of the Franchise.

16.6 Indemnification by Grantee. Grantee shall, at its sole expense, fully indemnify, defend and hold harmless the Grantor and Member Cities, and their officers, boards, commissions, elected officials, agents and employees at all times during this Franchise, from and against any and all claims, suits, actions, liability and judgments for damage or otherwise except those arising wholly from negligence on the part of the Grantor or its employees; for actual or alleged injury to persons or property, including loss of use of property due to an occurrence, whether or not such property is physically damaged or destroyed, in any way arising out of or

through or alleged to arise out of or through the acts or omissions of Grantee or its officers, agents, employees, or contractors or to which Grantee's or its officers, agents, employees or contractors acts or omissions in any way contribute, and whether or not such acts or omissions were authorized or contemplated by this Franchise or Applicable Law; arising out of, or alleged to arise out of any claim for damages for Grantee's invasion of the right of privacy, defamation of any Person, firm or corporation, or the violation of infringement of any copyright, trademark, trade name, service mark or patent, or of any other right of any Person, firm or corporation; arising out of or alleged to arise out of Grantee's failure to comply with the provisions of any Applicable Law. Nothing herein shall be deemed to prevent the Grantor, its officers, or its employees from participating in the defense of any litigation by their own counsel at such parties' expense. Such participation shall not under any circumstances relieve Grantee from its duty of defense against liability or of paying any judgment entered against the Grantor, its officers, or its employees.

16.7 Grantee Insurance. Upon the Effective Date, Grantee shall, at its sole expense take out and maintain during the term of this Franchise public liability insurance with a company licensed to do business in the state of Minnesota with a rating by A.M. Best & Co. of not less than "A-" that shall protect the Grantee, Grantor and their officials, officers, directors, employees and agents from claims which may arise from operations under this Franchise, whether such operations be by the Grantee, its officials, officers, directors, employees and agents or any subcontractors of Grantee. This liability insurance shall include, but shall not be limited to, protection against claims arising from bodily and personal injury and damage to property, resulting from Grantee's vehicles, products and operations. The amount of insurance for single limit coverage applying to bodily and personal injury and property damage shall not be less than Three Million Dollars (\$3,000,000). The liability policy shall include:

- (a) The policy shall provide coverage on an "occurrence" basis.
- (b) The policy shall cover personal injury as well as bodily injury.
- (c) The policy shall cover blanket contractual liability subject to the standard universal exclusions of contractual liability included in the carrier's standard endorsement as to bodily injuries, personal injuries and property damage.
- (d) Broad form property damage liability shall be afforded.
- (e) Grantor shall be named as an additional insured on the policy.
- (f) An endorsement shall be provided which states that the coverage is primary insurance with respect to claims arising from Grantee's operations under this Franchise and that no other insurance maintained by the Grantor will be called upon to contribute to a loss under this coverage.
- (g) Standard form of cross-liability shall be afforded.
- (h) An endorsement stating that the policy shall not be canceled without thirty (30) Days' notice of such cancellation given to Grantor.

(i) Grantor reserves the right to adjust the insurance limit coverage requirements of this Franchise no more than once every three (3) years. Any such adjustment by Grantor will be no greater than the increase in the State of Minnesota Consumer Price Index (all consumers) for such three (3) year period.

(j) Upon the Effective Date, Grantee shall submit to Grantor a certificate documenting the insurance required by this Franchise and this Section 16.7, as well as any necessary properly executed endorsements.. The certificate and documents evidencing Insurance shall be in a form acceptable to Grantor and shall provide satisfactory evidence that Grantee has complied with all insurance requirements. Renewal certificates shall be provided to Grantor prior to the expiration date of any of the required policies. Grantor will not be obligated, however, to review such endorsements or certificates or other evidence of insurance, or to advise Grantee of any deficiencies in such documents and receipt thereof shall not relieve Grantee from, nor be deemed a waiver of, Grantor's right to enforce the terms of Grantee's obligations hereunder. Grantor reserves the right to examine any policy provided for under this paragraph or to require further documentation reasonably necessary to form an opinion regarding the adequacy of Grantee's insurance coverage.

SECTION 17

MISCELLANEOUS PROVISIONS.

17.1 Guarantee of Performance. Grantee agrees that it enters into this Franchise voluntarily in order to secure and in consideration of the grant from the Grantor of a ten (10) year Franchise. Performance pursuant to the terms and conditions of this Franchise is guaranteed by Grantee.

17.2 Entire Agreement. This Franchise contains the entire agreement between the parties, supersedes all prior agreements or proposals except as specifically set forth herein, and cannot be changed orally but only by an instrument in writing executed by the parties. This Franchise is made pursuant to Minnesota Statutes Chapter 238 and the Grantor Code and is intended to comply with all requirements set forth therein.

17.3 Consent. Wherever the consent or approval of either Grantee or the Grantor is specifically required in this agreement, such consent or approval shall not be unreasonably withheld.

17.4 Prior Franchise Terminated. The cable television franchise as originally granted by Ordinance on 25th day of Nov-1997 and was approved by Member Cities in accordance with the Joint Powers Member Agreement is hereby terminated.

17.5 Effectiveness of Franchise. This Franchise and the Ordinance granting it shall become effective based upon the requirements for adoption and approval of an Ordinance granting a Franchise as set forth in the Joint Powers Agreement. The Ordinance and Franchise granted by it shall be accepted in writing by Grantee after notice of public hearing, adoption, review by the Members, and a publication of the Ordinance granting this Franchise and such

other requirements and in accordance with the schedule as outlined and required by the Joint Powers Agreement.

17.6 Amendment of Franchise. Grantee and Grantor may agree, from time to time, to amend this Franchise. Such written amendments may be made subsequent to a review session pursuant to this Section 17.6 and pursuant to Section 17.22 or at any other time if Grantor and Grantee agree that such an amendment will be in the public interest or if such an amendment is required due to changes in federal, state or local laws; provided, however, nothing herein shall restrict Grantor's exercise of its police powers.

17.7 Notice. Any notification that requires a response or action from a party to this Franchise, within a specific time-frame or would trigger a timeline that would affect one or both parties' rights under this Franchise, shall be made in writing and shall be sufficiently given and served upon the other party by hand delivery, first class mail, registered or certified, return receipt requested, postage prepaid, or by reputable overnight courier service and addressed as follows:

To the Grantor: Northwest Suburbs Cable Communications Commission
6900 Winnetka Avenue North
Brooklyn Park, MN 55428

To the Grantee: Comcast Regional Vice President of Operations
10 River Park Place
St. Paul, MN 55107

Recognizing the widespread usage and acceptance of electronic forms of communication, emails and faxes will be acceptable as formal notification related to the conduct of general business amongst the parties to this contract, including but not limited to programming and price adjustment communications. Such communication should be addressed and directed to the Person of record as specified above.

17.8 Force Majeure. In the event that either party is prevented or delayed in the performance of any of its obligations, under this Franchise by reason of acts of God, floods, fire, hurricanes, tornadoes, earthquakes, or other unavoidable casualties, insurrection, war, riot, vandalism, strikes, delays in receiving permits where it is not the fault of Grantee, public easements, sabotage, acts or omissions of the other party, or any other similar event beyond the reasonable control of that party, it shall have a reasonable time under the circumstances to perform such obligation under this Franchise, or to procure a substitute for such obligation to the reasonable satisfaction of the other party.

17.9 Work of Contractors and Subcontractors. Work by contractors and subcontractors is subject to the same restrictions, limitations and conditions as if the work were performed by Grantee. Grantee shall be responsible for all work performed by its contractors and subcontractors, and others performing work on its behalf as if the work were performed by it and shall ensure that all such work is performed in compliance with this Franchise, the Grantor Code and other Applicable Law, and shall be jointly and severally liable for all damages and correcting all damage caused by them. It is Grantee's responsibility to ensure that contractors,

subcontractors or other Persons performing work on Grantee's behalf are familiar with the requirements of this Franchise, the Grantor Code and other Applicable Laws governing the work performed by them.

17.10 Duty to Grantee. Nothing contained in this Franchise shall relieve any Person from liability arising out of the failure to exercise reasonable care to avoid injuring the Grantee's Facilities while performing any work connected with grading, regrading or changing the line of any Street or Public Property or with the construction or reconstruction of any sewer or water system or utility system.

17.11 Interest Rate. For purposes of this Franchise, "prime rate" shall mean the interest reported from time to time by the Wall Street Journal for short-term unsecured loans to commercial borrowers of the highest credit rating.

17.12 Administration of Franchise. The Grantor shall be responsible for the continued administration of this Franchise, except as otherwise assumed by Member Cities pursuant to the enforcement of applicable codes and ordinances required by Member Cities to construct, operate and maintain Grantee's Cable System and Facilities within Streets of a Member City.

17.13 General Provision on Rights and Remedies.

(a) All rights and remedies given to Grantor by this Franchise shall be in addition to and cumulative of all other rights or remedies available to Grantor or Member Cities, at law or in equity. The rights and remedies provided by this Franchise are not exclusive and the exercise of any right or remedy hereunder shall not be deemed a waiver of the right to exercise any other right or remedy. No delay or omission of Grantor in the exercise of any right or remedy shall impair any such right or remedy, nor shall any such delay or omission be construed to be a waiver of or acquiescence to any default. The exercise of any such right or remedy by Grantor shall not release Grantee from its obligations or any liability under this Franchise.

(b) Grantee shall not claim that any condition or term of this Franchise is unreasonable, arbitrary, void as of the effective date of this Agreement or that Grantor or Member Cities had no power or authority to make such term or condition.

(c) Grantor reserves the right to delegate any of its rights or obligations under this Franchise to any Person. Any delegation by Grantor shall be effective upon written notice by Grantor to Grantee of such delegation. Upon receipt of notice by Grantee of Grantor's delegation, Grantee shall be bound by all terms and conditions of the delegation not in conflict with this Franchise. Any such delegation shall not be deemed an amendment to this Franchise or require any consent of Grantee.

17.14 Abandonment of System. Grantee may not abandon the System or any portion thereof without having first given three (3) months written notice to Grantor and conforming to the Grantor Code, as well as the state right-of-way rules, Minn. Rules, Chapter 7819. To the extent required by Minn. Stat. §238.084 Subd. 1(w), Grantee shall compensate Grantor for actual

damages resulting from the abandonment. The amount of damages resulting from abandonment shall be determined by Grantor.

17.15 Removal After Abandonment. In the event of Grantee's abandonment of the System, Grantor shall have the right to require Grantee to conform to the Grantor Code, as well as the state right-of-way rules, Minn. Rules, Chapter 7819. If Grantee has failed to commence removal of System, or such part thereof as was designated by Grantor, within thirty (30) Days after written notice of Grantor's demand for removal consistent with Grantor Code and Minn. Rules, Ch. 7819, is given, or if Grantee has failed to complete such removal within twelve (12) months after written notice of Grantor's demand for removal is given Grantor shall have the right to apply funds secured by the Performance Bond toward removal and/or declare all right, title, and interest to the System to be in Grantor with all rights of ownership including, but not limited to, the right to operate the System or transfer the System to another for operation by it.

17.16 Governing Law. This Franchise shall be deemed to be executed in the State of Minnesota, and shall be governed in all respects, including validity, interpretation and effect, and construed in accordance with, the laws of the State of Minnesota, as applicable to contracts entered into and performed entirely within the State.

17.17 Non-enforcement by Grantor. Grantee shall not be relieved of its obligation to comply with any of the provisions of this Franchise by reason of any failure of the Grantor or to enforce prompt compliance.

17.18 Captions. The paragraph captions and headings in this Franchise are for convenience and reference purposes only and shall not affect in any way the meaning of interpretation of this Franchise.

17.19 Calculation of Time. Where the performance or doing of any act, duty, matter, payment or thing is required hereunder and the period of time or duration for the performance is prescribed and fixed herein, the time shall be computed so as to exclude the first and include the last Day of the prescribed or fixed period or duration of time. When the last Day of the period falls on Saturday, Sunday or a legal holiday, that Day shall be omitted from the computation and the next business Day shall be the last Day of the period.

17.20 Survival of Terms. Upon the termination or forfeiture of the Franchise, Grantee shall no longer have the right to occupy the Streets for the purpose of providing Cable Service. However, Grantee's obligations to the Grantor (other than the obligation to provide service to Subscribers) shall survive according to their terms.

17.21 Competitive Equity. If any other Wireline MVPD enters into any agreement with the Grantor or Member Cities to provide multi-channel video programming or its equivalent to residents in the Member Cities, the Grantor, upon written request of the Grantee, shall permit the Grantee to construct and/or operate its Cable System and provide multi-channel video programming or its equivalent to Subscribers in the Member Cities under the same agreement as applicable to the new MVPD. Within one hundred twenty (120) Days after the Grantee submits a written request to the Grantor, the Grantee and the Grantor shall enter into an agreement or

other appropriate authorization (if necessary) containing the same terms and conditions as are applicable to the new wireline MVPD.

17.22 Periodic Evaluation.

(a) The Grantor may require evaluation sessions at any time during the term of this Franchise, upon thirty (30) Days' written notice to the Grantee.

(b) Topics which may be discussed at any evaluation session may include, but are not limited to, application of new technologies, System and I-Net performance, programming offered, PEG Access Channel capacity, Facilities and support, municipal uses of cable, Subscriber rates, customer complaints, amendments to this Franchise, judicial rulings, FCC rulings, line extension policies and any other topics the Grantor deems relevant.

(c) As a result of a periodic review or evaluation session, upon notification from the Grantor, the Grantee shall meet with the Grantor and undertake good faith efforts to reach agreement on changes and modifications to the terms and conditions of the Franchise which are both economically and technically feasible. Nothing herein shall be deemed to require such changes and/or modifications unless both parties agree.

Customer Service Standards

CODE OF FEDERAL REGULATIONS
TITLE 47 -- TELECOMMUNICATION
CHAPTER I -- FEDERAL COMMUNICATIONS COMMISSION
SUBCHAPTER C -- BROADCAST RADIO SERVICES
PART 76--CABLE TELEVISION SERVICE

§76.309 Customer Service Obligations

(a) A cable franchise authority may enforce the customer service standards set forth in section (c) of this rule against cable operators. The franchise authority must provide affected cable operators ninety (90) days written notice of its intent to enforce the standards.

(b) Nothing in this rule should be construed to prevent or prohibit:

(1) A franchising authority and a cable operator from agreeing to customer service requirements that exceed the standards set forth in section (c) of this rule;

(2) A franchising authority from enforcing, through the end of the franchise term, preexisting customer service requirements that exceed the standards set forth in section (c) of this rule and are contained in current franchise agreements;

(3) Any State or any franchising authority from enacting or enforcing any consumer protection law, to the extent not specifically preempted herein; or

(4) The establishment or enforcement of any State or municipal law or regulation concerning customer service that imposes customer service requirements that exceed, or address matters not addressed by, the standards set forth in section (c) of this rule.

(c) Effective July 1, 1993, a cable operator shall be subject to the following customer service standards:

(1) Cable system office hours and telephone availability.

(i) The cable operator will maintain a local, toll-free or collect call telephone access line which will be available to its subscribers twenty-four (24) hours a day, seven (7) days a week.

(A) Trained company representatives will be available to respond to customer telephone inquiries during normal business hours.

(B) After normal business hours, the access line may be answered by a service or an automated response system, including an answering

machine. Inquiries received after normal business hours must be responded to by a trained company representative on the next business day.

(ii) Under normal operating conditions, telephone answer time by a customer representative, including wait time, shall not exceed thirty (30) seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety percent (90%) of the time under normal operating conditions, measured on a quarterly basis.

(iii) The operator will not be required to acquire equipment or perform surveys to measure compliance with the telephone answering standards above unless an historical record of complaints indicates a clear failure to comply.

(iv) Under normal operating conditions, the customer will receive a busy signal less than three percent (3%) of the time.

(v) Customer service center and bill payment locations will be open at least during normal business hours and will be conveniently located.

(2) Installations, outages and service calls. Under normal operating conditions, each of the following four standards will be met no less than ninety five percent (95%) of the time measured on a quarterly basis:

(i) Standard installations will be performed within seven (7) business days after an order has been placed. "Standard" installations are those that are located up to one hundred twenty-five (125) feet from the existing distribution system.

(ii) Excluding conditions beyond the control of the operator, the cable operator will begin working on "service interruptions" promptly and in no event later than twenty-four (24) hours after the interruption becomes known. The cable operator must begin actions to correct other service problems the next business day after notification of the service problem.

(iii) The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at maximum, a four hour time block during normal business hours. (The operator may schedule service calls and other installation activities outside of normal business hours for the express convenience of the customer.)

(iv) An operator may not cancel an appointment with a customer after the close of business on the business day prior to the scheduled appointment.

(v) If a cable operator representative is running late for an appointment with a customer and will not be able to keep the appointment as scheduled, the customer

will be contacted. The appointment will be rescheduled, as necessary, at a time which is convenient for the customer.

(3) Communications between cable operators and cable subscribers.

(i) Refunds. Refund checks will be issued promptly, but no later than either-

(A) The customer's next billing cycle following resolution of the request or thirty (30) days, whichever is earlier, or

(B) The return of the equipment supplied by the cable operator if service is terminated.

(ii) Credits. Credits for service will be issued no later than the customer's next billing cycle following the determination that a credit is warranted.

(4) Definitions.

(i) Normal Business Hours. The term "normal business hours" means those hours during which most similar businesses in the community are open to serve customers. In all cases, "normal business hours" must include some evening hours at least one night per week and/or some weekend hours.

(ii) Normal Operating Conditions. The term "normal operating conditions" means those service conditions which are within the control of the cable operator. Those conditions which are not within the control of the cable operator include, but are not limited to, natural disasters, civil disturbances, power outages, telephone network outages, and severe or unusual weather conditions. Those conditions which are ordinarily within the control of the cable operator include, but are not limited to, special promotions, pay-per-view events, rate increases, regular peak or seasonal demand periods, and maintenance or upgrade of the cable system.

(iii) Service Interruption. The term "service interruption" means the loss of picture or sound on one or more cable channels.

Comcast Cable
10 River Park Plaza
Saint Paul, MN 55107

August 20, 2014

Dear Northwest Suburbs Cable Communications Commission:

Comcast Cable Communications, LLC is a signatory to a "Voluntary Agreement for Ongoing Improvement to the Energy Efficiency of Set-Top Boxes" (the "Voluntary Agreement"), effective January 1, 2014. The Voluntary Agreement contains energy efficiency standards for pay-TV set-top boxes that are expected to result in significant energy savings for more than 90 million U.S. homes. These new standards, developed through a non-regulatory voluntary arrangement between the pay-TV industry, the consumer electronics industry and energy efficiency advocates, are expected to improve set-top box efficiency by 10 to 45% (depending on box type) by 2017, and may result in savings of more than \$1 billion on consumer energy bills annually.

You can find more information about the Voluntary Agreement and the efforts of the industry as a whole on the NCTA web page (www.ncta.com) under the heading "Keeping Cable Green."

If you have questions or concerns, please do not hesitate to contact our office.
